Please note the above amendments to the RFT/04-2020/21 – Bushfire Mitigation Activities:

1. *Treatment #6193 and #6195 have been accidentally named incorrectly in the Bushfire risk management treatment pages and as a result the spreadsheet which is printed as a report from the BRMS has also referenced this detail.*
2. *Treatment #6193 on Appendix A should read Banksia road not Boronia Street, which is 2.9km in length.*
3. *Treatment #6195 on Appendix A spreadsheet should read Boronia Street not Banksia Road which is 650m in length.*
