Dear John,

We are currently seeking planning approval from the Ravensthorpe Shire Council to erect a 12mt long x 6mt wide x 2.8mt high Garage on our property. The proposed location is near our house running parallel with your boundary.

The Shires Planning Scheme requires a 10mt side setback. The location we are proposing is 7mt from the boundary. As a result, Council require a Neighbour Referral with your approval/signature before our plans can be presented to Council for approval. John, if you have no issues and approve, can we please ask you to sign the statement below thanks.

Best Regards

NEIGHBOUR REFERRAL

I have viewed the location plans for the proposed Garage by Ian & Sue Riseborough and have no issues, therefore approve the erection of the Garage with a 7 metre side setback from my adjoining boundary line.

Signed

John Campbell
Neighbouring Landowner
