Enrolment status

SUTHERLAND, Benno is eligible to stand for election as a resident of the Shire of Ravensthorpe.

I moved to Ravensthorpe in 2015 to run and operate my own transport business carting livestock, bulk commodities and other bits and pieces in the local area. I am the current President of the Livestock and rural transporters of WA , Also one of the founding members and spokesperson of Keep the Sheep so i come with experience with governance, board structure. I have a very strong interest in serving our rural communities including strengthening health and aged care, Sporting and Recreation facilities as i have been a sponsor in the past and into the future because young people are our future in rural areas. Road safety is an important issue, upgrades and maintenance to local and main roads including upgrading the south coast highway is a priority. Local economy is a big focal point for everyone and for me too, keeping the budget on an even keel as well as strong will benefit our community so we can all prosper. Very keen to listen to your issues as all of them are important to me.
