* Declaring an Interest

Local Government Act 1995 – Extract

s.5.60A - Financial Interest

A person has a financial interest in a matter if it is reasonable to expect that the matter will, if dealt with by the local government, or an employee or committee of the local government or member of the council of the local government, in a particular way, result in a financial gain, loss, benefit or detriment for the person.

s.5.60B – Proximity Interest

A person has a proximity interest in a matter if the matter concerns —

- (a) a proposed change to a planning scheme affecting land that adjoins the person's land; or
- (b) a proposed change to the zoning or use of land that adjoins the person's land; or
- (c) a proposed development (as defined in section 5.63(5)) of land that adjoins the person's land.

5.65 - Members' interests in matters to be discussed at meetings to be disclosed.

(1) A member who has an interest in any matter to be discussed at a council or committee meeting that will be attended by the member must disclose the nature of the interest:

- (a) in a written notice given to the CEO before the meeting; or (b) at the meeting immediately before the matter is discussed. (Penalties apply).
- (2) It is a defence to a prosecution under this section if the member proves that he or she did not know:
 - (a) that he or she had an interest in the matter; or (b) that the matter in which he or she had an interest would be discussed at the meeting.
- (3) This section does not apply to a person who is a member of a committee referred to in section 5.9(2)(f).

5.70 - Employees to disclose interests relating to advice or reports.

(1) In this section: 'employee' includes a person who, under a contract for services with the local government, provides advice or a report on a matter.

- (2) An employee who has an interest in any matter in respect of which the employee is providing advice or a report directly to the council or a committee must disclose the nature of the interest when giving the advice or report.
- (3) An employee who discloses an interest under this section must if required to do so by the council or committee, as the case may be, disclose the extent of the interest. (Penalties apply).

5.71 - Employees to disclose interests relating to delegated functions.

If, under Division 4, an employee has been delegated a power or duty relating to a matter and the employee has an interest in the matter, the employee must not exercise the power or discharge the duty and:

- (a) in the case of the CEO, must disclose to the mayor or president the nature of the interest as soon as practicable after becoming aware that he or she has the interest in the matter; and (b) in the case of any other employee, must disclose to the CEO the nature of the interest as soon as practicable after becoming aware that he or she has the interest in the matter. (Penalties apply)

5.71A. - CEOs to disclose interests relating to gifts in connection with advice or reports

- (1) A CEO who has an interest relating to a gift in a matter in respect of which the CEO proposes to provide advice or a report, directly or indirectly, to the council or a committee must disclose the nature of the interest in a written notice given to the council.
- (2) A CEO who makes a disclosure under subsection (1) must not provide the advice or report unless the CEO is allowed to do so under section 5.71B(2) or (6).
- (3) A CEO who has an interest relating to a gift in a matter in respect of which another employee is providing advice or a report directly to the council or a committee must disclose the nature of the interest when the advice or report is provided.

Local Government (Administration) Regulations 1996 – Extract - In this clause and in accordance with Regulation 19AA "Interest" means an interest that could, or could reasonably be perceived to, adversely affect the impartiality of the person having the interest and includes an association.

3. RESPONSE TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE

Nil.

4. PUBLIC QUESTIONS TIME

In accordance with section 5.24 of the *Local Government Act 1995*, a 15-minute public question time is made available to allow members of the public the opportunity of questioning Council on matters concerning them.

Council Consideration Towards Public

When public questions necessitate resolutions of Council, out of courtesy and at the Shire President's discretion, the matter is to be dealt with immediately to allow the public to observe the determination of the matter (obviates the need for the public to wait an undetermined period of time).

When a matter is listed on the Agenda and member/s of the public are in attendance to observe the determination of the matter, out of courtesy and at the discretion of the Shire President, the matter is to be brought forward on the agenda and dealt with immediately to allow the public to observe the determination of the matter (again this obviates the need for the public to wait an indeterminate period of time).

5. DECLARATIONS OF INTEREST

Nil.

6. APPLICATIONS FOR LEAVE OF ABSENCE

The *Local Government Act 1995* (Section 2.25) provides that a Council may, by resolution, grant leave of absence to a member for Ordinary Council Meetings. A member who is absent, without first obtaining leave of the Council, throughout three consecutive Ordinary meetings of the Council is disqualified from continuing his or her membership of the Council.

Disqualification from membership of the Council for failure to attend Ordinary Meetings of the Council will be avoided so long as the Council grants leave prior to the member being absent. The leave cannot be granted retrospectively. An apology for non-attendance at a meeting is not an application for leave of absence.

7. CONFIRMATION OF MINUTES OF PREVIOUS MEETING

12.1.1 MINING INDUSTRY POLICY (AMENDED)

File Reference:	CM.PO.1
Location:	Shire of Ravensthorpe
Applicant:	N/A
Author:	A/Executive Manager Development and Community Services
Authorising Officer	Chief Executive Officer
Date:	10 May 2023
Disclosure of Interest:	N/A
Attachments: <u>YELLOW</u>	1. Draft Shire of Ravensthorpe Mining Industry Policy
Previous Reference:	CM.PO.1

PURPOSE

1. This report presents a draft Policy for consideration by Council and recommends that Council adopt the amended draft Policy, with no comments being received from the public consultation and comment period.

BACKGROUND

2. The Shire of Ravensthorpe has a strong history involving mining dating back to the discovery of gold, copper and other minerals in the Ravensthorpe Range at the end of 19th century.
3. Current activity includes two active mining tenements producing Nickel and Spodumene which is exported globally through Esperance port.
4. The area is well known for its mineralogy value and within the past 20 years the local communities within the Shire have experienced the severe impacts of boom bust cycles relating to mining activities.
5. The current resurgence in global demand for precious metals and the resulting increases to commodity prices has reignited interest in the region by mining proponents.
6. In addition to the currently producing local mining operations, most recently there has been a significant increase in applications for exploration licences within the region.
7. In recognition of this increased activity Shire officers have prepared a draft policy having regard for relevant legislation and state policy provisions.
8. The draft Mining Policy was endorsed for public comment in September 2022. Five (5) comments were received back, four of these from mining companies or associated organisations. These comments related to elements that were prescriptive in nature and conflicted with State department agreements already in place, for example dieback management through DBCA.
9. Amendments were made to the draft policy to better align this with agreements and legislation, whilst retaining the intention of the Shire in relation to community sentiment regarding mining in the Shire.

10. The draft policy was put out again for public comment on 11 April 2023. This period closed on Wednesday 03 May 2023 with no comments received.
11. The draft Shire of Ravensthorpe Mining Policy intends to provide guidelines for Council and Shire officers in dealing with mining resources activities within the region.

COMMENT

12. The Department of Mines, Industry Regulation and Safety (DMIRS) is responsible for regulating mineral exploration and development activities in WA under the *Mining Act 1978*. DMIRS was formed on 1 July 2017, as a result of merging the Department of Commerce and Department of Mines and Petroleum.
13. DMIRS' operations are divided into 6 areas including the "Resource and Environmental Regulation Group". Its purpose is to regulate the mining industry sector and to ensure the State's resources are developed in a sustainable and responsible manner.
14. In terms of approval processes and areas of authority, local governments do not have any regulatory role to play in assessment or determination of any application made under the *Mining Act 1978* (Mining Act) and *Petroleum and Geothermal Energy Resources Act 1967* (PGER Act) and planning approval is not required for these activities.
15. While there is no requirement under legislation for consultation and no statutory role for local government in approval of permits and enforcements, DMIRS does have Guidelines which are used in the assessment of proposals under the relevant Acts. These Guidelines recommend consultation with the local government and establish that a proponent is required to demonstrate the consultation undertaken when an application is submitted with DMIRS. Further, proponents undertaking such activities may also seek to engage with local government in any regard.
16. The draft Shire of Ravensthorpe Mining Policy is to guide the Shire's response and position in the event proponents or the State request comment or engagement with the Shire or Council, and to clearly outline to proponents the community expectations on environmental management, as well as social and economic benefits to be derived from these extractive activities.
17. The Shire's Strategic Community Plan and Corporate Business Plans support diversification of local industries and employment including mining, however also require that the local natural environment is valued and protected for the enjoyment of current and future generations. The proposed Shire Mining Policy requests applicants to include measures to deliver positive economic benefits to the local economy but not at the expense of the natural environment.
18. The *Local Government Act 1995* establishes that the local government is responsible for provision of infrastructure to support a community. Projects approved under the Mining Act can often be of a scale, and involve activities, which impact upon local infrastructure which the local government is responsible for developing/maintaining. The most common impacts can include impacts on local roads. In larger projects, this can also extend to community facilities and townships that may be utilised to support the future workforce.

19. It is important that when the Shire is engaged in a consultation exercise with a mining proponent that the Shire requests the applicant to demonstrate potential impacts that are anticipated to Shire infrastructure and that the Shire is adequately compensated for any impacts.

STATUTORY ENVIRONMENT

20. As previously stated, local governments do not have any regulatory role to play in assessment or determination of any application made under the *Mining Act 1978* (Mining Act) and *Petroleum and Geothermal Energy Resources Act 1967* (PGER Act) and planning approval is not required for these activities.

POLICY IMPLICATIONS

21. For Council to review a final policy. If approved, the policy will form part of the Council Policy Manual and provide guidance to Council and Shire officers with regards to Mining activities within the Shire of Ravensthorpe.

FINANCIAL IMPLICATIONS

22. Nil.

RISK MANAGEMENT

23. The following risks were identified as part of this report:

Risk	Likelihood	Consequence	Risk Analysis	Mitigation
Performance; the lack of a Council position on mining activity within the shire does not provide clear direction to Shire officers when asked to respond to mining applications.	Possible	Moderate	Medium	Shire considers adopting a Mining Policy to clearly outline community expectations to mining proponents and State.
Financial; mining projects may have significant impact to shire assets and infrastructure	Likely	Major	High	The Shire mining policy to request proponents consider impacts to the Shire and community.
Environmental; uncontrolled mining activity may impact areas of high biodiversity value and overall amenity of the region	Possible	Major	High	The Shire mining policy to request proponents consider impacts to the natural environment
Reputational; Council's endorsed Mining Policy does not accurately reflect community sentiment on the matter.	Possible	Major	High	2 public consultation periods have been undertaken

ALTERNATE OPTIONS

24. Council may not approve the amended draft Policy.

STRATEGIC ALIGNMENT

25. This item is relevant to the Councils approved Strategic Community Plan 2030 and Corporate Business Plan 2020-2024.

Reference Local Government Act 1995 s.5.23:

(2) If a meeting is being held by a council or by a committee referred to in subsection (1)(b), the council or committee may close to members of the public the meeting, or part of the meeting, if the meeting or the part of the meeting deals with any of the following —

(e) a matter that if disclosed, would reveal —

(ii) information that has a commercial value to a person; or

(iii) information about the business, professional, commercial or financial affairs of a person.

PURPOSE

1. That Council approve the Shire to enter into the lease, including allocating required budget, for premises Unit 5, 99 Tamar Road, Hopetoun for the establishment of a proposed Youth Community Development space, and for Council to approve the Shire to enter into licence arrangements with local community groups to enable activation.

BACKGROUND

2. The Shire has identified an opportunity to lease a commercial space for the purpose of delivery of community development and support programs to engage local youth residing in and around Hopetoun.
3. There is strong support for the delivery of youth focused engagement activities within the Shire with both the Community Resource Centres (CRCs) in Hopetoun and Ravensthorpe and RAVE About Arts groups offering youth focused programs.
4. The Hopetoun CRC has been a strong advocate for a dedicated youth space in Hopetoun and has previously presented to Council on this need. The Hopetoun CRC and Rave About Arts groups currently use their existing spaces, hire the Hopetoun Community Hall or deliver programs at other locations. The lack of a dedicated space results in significant time spent setting up and packing away plus lack of a consistent location for youth.
5. The ABS 2021 Census reported some 292 people aged between 5 and 19 years living within the Shire of Ravensthorpe total resident population of 2,087, or just under 14%. A large and growing proportion of this age group reside in and around Hopetoun.

6. When compared to state and national average age distributions, Ravensthorpe records above average representation in the 0-9 year age groups, however representation declines in the 10-14 year age range, and is significantly under-represented in the 15-19 year range.
7. In terms of education, the same ABS data detailed 43 preschool, 168 primary, and 65 secondary students. Other Shire information sources detail that Hopetoun Primary School includes around 120 students and Ravensthorpe District High School 129 students (including the 65 secondary many of which live in Hopetoun).
8. This data reinforces the anecdotal observation that families tend to either leave the district or send children to boarding school when reaching secondary school age due to perceptions of lack of quality education and youth activity opportunities – “things for kids to do”. Retaining families in the district as children grow older is considered an essential ingredient to achieving a successful, balanced and vibrant community.

9. The Shire is proposing to enter into a lease agreement with Roselea Trading, owner of Unit 5, 99 Tamar St Hopetoun as per the terms and conditions outlined in Confidential Attachment 1 – draft lease including seeking Council approval for approved budget for the term of the lease.

10. If approved, Shire is then seeking Council approval to enter into licence agreements with the Hopetoun CRC and Rave About Arts groups for delivery of youth focused activities and programs at these premises.

COMMENT

11. The Hopetoun CRC and Rave About Arts are two established and well managed local community groups and are supportive of the Shire securing the nominated space for delivery and expansion of youth activation activities and programs.
12. If approved by Council and subject to finalisation, Rave About Arts would deliver their Hopetoun 'Artitude' programs, vocals and visual arts at the new dedicated location Mondays and Tuesdays. Monday Vocals would include 2 classes and 20 students. Tuesday Visual Arts 2 classes and 26 students. Hopetoun CRC would expand its current one afternoon per week Youth Space program to 3 afternoons per week (Wednesday, Thursday and Friday). The new youth space could also be booked for additional events or programs on weekends.
13. A dedicated youth space and associated programming will work to increase engagement with the youth residing in Hopetoun. This is considered an important approach to counter increased graffiti and vandalism of Shire facilities experienced in recent times and to ensure our local youth are provided a range of opportunities that achieve a balanced, responsible and well developed age sector within the community.
14. The proposed premises is located immediately adjacent to the Shire managed Hopetoun Gym and is a similar tenancy in terms of size and layout – approximately 280sqm and includes a reception office area. The Shire entered into a lease with similar terms and conditions for the gym with the same owner Roselea Trading in July 2022.

Figure 1 - proposed unit for lease

15. Leasing the 2 adjoining premises will enable enhanced Shire and community focused branding of these facilities.

Figure 2 - Units 5 and 6, 99 Tamar Rd Hopetoun

16. The successful operation of the Hopetoun Youth space will also work to achieve a number of the Shire's key Strategic Community Plan objectives and outcomes as detailed in below "strategic Alignment" section.
17. There are significant socio-economic benefits to be directly generated for the community via the successful operation of the Hopetoun Youth Space.
18. The Hopetoun CRC and Rave About Arts groups will be responsible for the fitout of the proposed space and are currently seeking third party including local resource company approval for this additional expenditure.

CONSULTATION

19. Local community groups including Hopetoun CRC and Rave About Arts. In accordance with the *Local Government Act 1995* section 3.58 (3) (a) if approved by Council the Shire will advertise via public notice these licence proposals.

STATUTORY ENVIRONMENT

20. The leasing of Shire property is governed by the *Local Government Act 1995*, Section 3.58. The proposed lease schedule document is marked confidential regarding the key terms and conditions of the lease.

POLICY IMPLICATIONS

21. Council approval is being sought to enter into licence agreements between the Shire and nominated community groups as per Policy LPP12 Leases and Licences.

FINANCIAL IMPLICATIONS

22. There are no financial implications to Council for the current 2022/23 budget period however, if endorsed Council will be committing to future lease payments for the proposed space as per Confidential [Attachment 1](#) as well as recognising appropriate licence payments and recovery of any outgoings. As per the draft lease agreement the Shire will be responsible for maintaining the external areas of the tenancy, initial fitout costs including signage and security. The Lessor has committed to painting the interior (walls and floors). A budget allocation will be made for these activities.

RISK MANAGEMENT

23. The following risks have been identified as part of this report;

Risk	Likelihood	Consequence	Risk Analysis	Mitigation
Performance (operational) The community groups do not deliver increased programming as agreed	Unlikely	Moderate	Medium	Licence terms and conditions include requirement to deliver minimum levels of youth programming activities.
Reputational The Shire does not respond to the increased need for a dedicated youth space.	Possible	Moderate	Medium	The Shire enters into a lease for proposed space to provide a dedicated area for delivery of youth programs

ALTERNATE OPTIONS

24. Alternate options include but not limited to;
- a) Council not support the Shire entering into lease for the space and/or granting of a licence agreement to the nominated community groups, or
 - b) Council to change the terms and conditions of the lease and/or licence agreements.

STRATEGIC ALIGNMENT

25. This item is relevant to the Councils approved Strategic Community Plan 2020-2030 and Corporate Business Plan 2020-2024.

Outcome 1: Economy - The population is growing, in tandem with a thriving, resilient local economy

Item	Objectives and Strategies
1.2	The right resources and infrastructure are in place to support local commerce and industry

Outcome 2: Community - This is a safe and family-friendly community where people of all ages have access to services and facilities, and there is plenty to blow your socks off

Item	Objectives and Strategies
2.1	Social services and facilities are designed and delivered in a way that fits community needs and aspirations
2.2	Community groups function well with strong volunteer effort and feel supported by the community
2.3	People feel that their community is safe for all, free of nuisance and protected from risk of damage
2.4	People have access to attractive community facilities, activities and events which support activity and health, community involvement and enjoyment of life
2.5	Young people, older people and people with disability feel valued and have access to resources which provide opportunities for their development and enjoyment

Outcome 3: Built Environment - The built environment is accessible, honours history and provides for the economic and social needs of residents, industry and visitors

Item	Objectives and Strategies
3.5	The Shire's heritage structures, heritage and cultural places are valued and protected, and are integrated into community life and economic activity.

Outcome 5: Governance and Leadership - The Shire of Ravensthorpe partners the community, and is an effective advocate and responsible steward

Item	Objectives and Strategies
5.1	The Shire's community is engaged and involved

12.2.3 RATING STRATEGY AND DIFFERENTIAL RATES 2023-2024

File Reference:	RV.RC.001
Location:	Not Applicable
Applicant:	Not Applicable
Author:	Executive Manager Corporate Services
Authorising Officer	Chief Executive Officer
Date:	10 May 2023
Disclosure of Interest:	Nil
Attachments: <u>RED</u>	1. Rating Objects and Reasons 2. Long Term Financial Plan 2023-2033
Previous Reference:	Nil

PURPOSE

1. This report recommends that Council adopt the 2023/2024 differential rates for the purpose of advertising

BACKGROUND

2. Council adopted a system of differential rating for the first time in the 2015/2016 financial year.
3. As part of the budget setting process for 2023/2024 Council will consider a continuation of differential rating, noting that as part of the differential rating process as it stands, ministerial approval will be required prior to rates being struck for the year.

COMMENT

4. Section 6.36 of the *Local Government Act 1995* allows Council to implement a system of differential rating subject to public advertising, adoption by Council, and approval from the Minister for Local Government, Sport and Cultural Industries, before being applied.
5. The Act allows for differential rates to be applied to help overcome an issue where the land use within the rating category has a differing contributory cost to Council and therefore rates in the dollar applied are varied. The use of differential rating helps to ensure equity of contribution within the rating system.
6. In recent years the Shire has worked extensively to consider present and longer term budget efficiencies firstly through the first time introduction of an Enterprise Bargaining Agreement (EBA) 2020 in an effort to give certainty to wage increases and allow for better financial controls. Notwithstanding this initial success an EBA 2023 is currently under negotiation with two unions and staff at a time of higher inflationary expectations and an increasing demand for employee conditions. Secondly the Shire has just completed a review of its long term financial plan (LTFP) that sets an agreed rates strategy, that was last reviewed by Council in May 2021 based on integrated Planning documents to achieve a community consensus of key community service strategies. This latest LTFP has taken into account the changed economic circumstances and Council input from community expectations.

7. The budget process uses a zero based budget approach where every line item is examined for the content of last years' experience to provide a predictive analysis together with the effect of any new initiatives proposed for the coming year. It is not a case of simply adding a percentage to last year's budget, however cost pressures in some areas have moved significantly.
8. The objects and reasons for the differential rating model remains relatively consistent from 2022/2023 where Ministerial Approval was last granted, with the exception of more clarity to the reason for UV categories. The UV Rural rate objective is to reflect the provision of rural services mainly involving additional fire services and high cost transportation infrastructure. The UV Mining rate is to recognise the ongoing costs involved in maintaining the Shire's substantial road network that services this land use, especially large scale equipment and constant heavy haulage operations of Mining which result in the Shire's road network requiring increased ongoing maintenance to service these users at a far greater scale than other rural uses. This aspect of increased road network costs has caused Council to consider increasing the Mining UV rate to a similar level as the rates used last year by the shires of Cue, Shark Bay, Carnarvon and Wiluna. The proposed rate of 27.000 in the dollar would still be less than the rates of 13 shires used last year, so in the context of being at the 40% percentile mark compared to other shires that rate for mining is not a historical high rate in the current climate. Notwithstanding we propose to set the minimum rate for Mining UV to 50% of the Minimum UV General rate thus maintaining a concession to exploratory leases.
9. Other than Mining UV, the proposed model attached delivers an overall increase in rate income for 2023/2024 of approximately 4.75% (an increase of 1.25% from last year's 3.50%). This percentage increase is in line with that projected in the long term financial plan rating strategy in order to maintain relatively balanced budget positions.
10. In the budget structure of 2022/2023 employee costs accounted for 99% of rates raised, therefore the outcome of EBA 2023 wage demands will have a direct effect on the percentage increase in rates revenue in order to maintain a balanced position. The timing of the conclusion of wage demands is uncertain and may not neatly fall within the required budget preparation timetable, therefore late adjustments may be required in line with final negotiations, if they can be considered within a reasonable timeframe.
11. Changes in valuation attributed to the UV categories at the time of preparing this report are still subject to the Valuer General providing revaluations for UV Rural and Mining tenements, therefore these rates in the dollar will change accordingly to achieve the same dollar yield from the proposed rating model.
12. Key elements of the 2023/2024 Rating Strategy are that rate increases have been aligned in consideration of the revised LTFP, together with the adopted Integrated Planning Suite of documents for 2020-2030. The Shire will be using this suite of documents to deliver on the clear priorities, processes, plans, budget resource priorities, direction on land use, infrastructure, services, asset management, operations, planning and workforce requirements.

13. The Shires' last comprehensive community consultative approach to corporate planning was commended on 14 April 2021 by the Department of Local Government, Sport and Cultural Industries, Executive Director Local Government, Tim Fraser, in a pilot project to develop tools and resources for Integrated Planning and Reporting (IPR) for smaller local governments. In this regard Tim acknowledged, with appreciation, the Shire's willingness to adopt and share a leading approach to IPR.
14. The proposed rates in the dollar for 2023/2024 are outlined below and in the attached model:

RATING CATEGORY	2022/23 RATE Cent in \$	2023/24 RATE Cent in \$
GRV Residential	11.2618	11.7967
GRV Commercial	16.8599	14.4823

12.3.1 LRCI PHASE 4 PROJECT NOMINATION – JERDACUTTUP RD

File Reference:

Location:	Shire of Ravensthorpe
Applicant:	Nil
Author:	Executive Manager Infrastructure Services
Authorising Officer	Chief Executive Officer
Date:	10 May 2023
Disclosure of Interest:	Nil
Attachment:	<u>BLUE</u>
Previous Reference:	Nil

PURPOSE

- To obtain Council’s approval to nominate a road improvement project on Jerdacuttup Rd for grant funding under 2023-2024 Local Roads Community Infrastructure Programme Phase 4 (LRCI Phase 4)

BACKGROUND

- The LRCI Phase 4 has allocated the following funds to the Shire of Ravensthorpe:

**Local Roads and Community Infrastructure Program - Phase 4
Nominal Funding Allocations**

Part A - \$500 million allocation for roads and community infrastructure projects – all councils

Part B - \$250 million allocation for road only projects (for eligible non-urban areas)

State	Council/Eligible Funding Recipient	Nominal Funding Allocation (\$) Phase 4 - Part A \$500m*	Nominal Funding Allocation (\$) Phase 4 - Part B \$250m**	Total Nominal Funding Allocation Phase 4 \$750m
WA	Shire of Ravensthorpe	\$513,120	\$295,979	\$809,099

- Funds from earlier phases of the LRCI Program have been focussed on Community Infrastructure and the intent is to use Phase 4 funds for Road Infrastructure
- Jerdacuttup Road is a key road in the Shire, it is listed as regionally significant by the Great Southern Road Group in their Roads 2040 Plan, it provides a vital connection between Hopetoun and Esperance, particularly for the tourism and agricultural industries.
- Traffic Counts in the area taken during the period 16-1-2023 to 19-02-2023 show significant usage as shown below:

Location	Total Usage	Daily Average
Jerdacuttup Rd SLK11.800 – 100m West of Tamarine	1492	298
Jerdacuttup Rd SLK12.000 – 100m East of Tamarine	1655	331
Jerdacuttup Rd SLK28.000 – 100m West of Fence Rd	860	172

Location	Total Usage	Daily Average
Jerdacuttup Rd SLK28.300 – 100m East of Fence Rd	887	177
Tamarine Rd SLK0.100 – 100m South of Jerdacuttup Rd	345	69

6. It is interesting to note the effects of mine traffic:
 - a) 331 daily road users east of Tamarine Rd and 172 daily road users west of Fence Rd, indicating a large number of vehicles leave the road at the mine gate, including trucks and staff; and
 - b) 331 daily road users east of Tamarine Rd and 298 daily road users west of Fence Rd, this difference includes the two road trains transporting limestone from Tamarine Rd to the mine.
7. It is also interesting to compare this daily usage to the MRWA South Coast Highway (taken from: <https://trafficmap.mainroads.wa.gov.au/map>) running almost parallel and slightly to the north of Jerdacuttup Rd:
 - 860 vehicles per day (just east of Ravensthorpe)
 - 688 vehicles per day (just west of Munglinup)
8. These results show that Jerdacuttup Rd is relatively busy road, running at around 25-40% of MRWA levels.
9. Road Group Projects on Jerdacuttup Rd include :
 - a) 2022-2023 rehabilitation of a 500m section in front of the Jerdacuttup School, this work included lime stabilisation of the existing pavement, a 200mm lift with new gravel and cement stabilization of this new layer, followed by a two coat emulsion seal with 14 / 7mm aggregate, this work was completed in early May, costs have not yet been finalized, but are expected to be in the order of \$200,000, slightly less than the original budget of \$250,000
 - b) 2023-2023 : real-sealing of 5km between SLK9.74-4.74km just east of Tamarine Rd intersection (approved for next year)
 - c) Future 3yr plan includes some nominated projects, which are not approved yet:
 - i. 5km of re-sealing per year
 - ii. and
 - iii. stabilization works between Mine Gate and Fence Road
10. The condition of Jerdacuttup Road deteriorated significantly in late 2022 following two wet winters, requiring significant patching works (at selected locations) done east of the southern entrance to the FQM mine site at SLK 21.400 to Fence Rd and from Fence Road to the South Coast Highway. This work included cement stabilization of a 200mm layer of existing pavement and 50mm gravel topping supplied to enable workability (not a substantial lift like the works done at the school), this is because the patches need to match the level of the surrounding pavement. Followed by a 14/7mm emulsion reseal. The intent of this work was to re-establish a safe running surface and keep the road open, but these improvements would not address underlying deficiencies in the road structure.

11. Construction history indicates that sections of Jerdacuttup Rd were built separately as follows:
 - a) Tamarine Road to Mine Gate : was built by contractors under BHP Mine supervision to carry significant traffic, including limestone from Tamarine Rd
 - b) Mine Gate to Fence Road: was built by Shire staff possibly to a lower standard than the BHP/Contractor section, this may have been budget or time related. It is visibly obvious that the road in this section has very shallow table drains, implying that the pavement layer is much thinner than the BHP section. This results in two related problems, firstly the thinner pavement layer has a lower strength and secondly the pavement is more likely to get wet, which further reduces its strength.
12. It is not surprising that a high percentage of the patching work currently underway is in this section between the Mine Gate and Fence Rd that was built to a lower standard, even though it has lower traffic usage than the section west of the Mine Gate.
13. This paper proposes using the LRCI Phase 4 funds to conduct works that both repair and strengthen the road for the long term, similar to those done near the Jerdacuttup School (which includes lime stabilization, a 200mm lift, cement stabilization and a 14/7mm seal), but this time in the area between the SLK21.400 Mine Gate and SLK28.100 Fence Road. With \$809,099 in funds available and an approximate cost of \$200,000 per 500m, it is expected that 2km of the road can be improved significantly, reducing the chances of the numerous road failures experienced in late 2022.
14. The 2km section to be improved is nominated to be in the section from SLK21.400-28.100km, the entire 6.7km section will be monitored over the winter months to ensure the most deserving section or sections of the road are addressed to optimize the benefits of the works.

COMMENT

15. This project proposal will improve 2km of Jerdacuttup Rd, however there are 6.7km of road in similar condition and will require strengthening in the future, it is hoped that additional funds can be obtained from other grant sources including Road Group and the Secondary Freight Network, a new 2 year program commencing in 2023-24.

POLICY IMPLICATIONS

18. Nil

FINANCIAL IMPLICATIONS

19. Use LRCI Phase 4 funds to support other road and/or community projects and apply for 2024-25 Regional Road Group Project funding and/or other grants if such opportunities arise.

RISK MANAGEMENT

20. The works will require the use of private contractors, recent experience has shown that the industry is busy, contractors are hard to find and prices are escalating, however, it is expected to be manageable, as a last resort the scope of work could be reduced to match the funds available under the grant, or increased if quotations are lower than expected.

ALTERNATE OPTIONS

21. That the Jerdacuttup Road deterioration rate slows enough to enable the Shire of Ravensthorpe to apply for and secure Road Group Project grants in 2024-25 (and beyond) to fund the necessary repairs.
22. That Council consider other road or community projects for endorsement.

STRATEGIC ALIGNMENT
