# SHIRE OF RAVENTHORPE FOR THE YEAR ENDED 30 JUNE 2025 INDEX OF NOTES TO THE BUDGET

Note 1	Basis of Preparation	6
Note 2	Rates and Service Charges	7
Note 3	Net Current Assets	13
Note 4	Reconciliation of cash	16
Note 5	Property, Plant and Equipment	17
Note 6	Depreciation	18
Note 7	Borrowings	19
Note 8	Lease Liabilities	21
Note 9	Reserve Accounts	22
Note 10	Other Information	23
Note 11	Elected Members Remuneration	24
Note 12	Joint Arrangements	25
Note 13	Revenue and Expenditure	26
Note 14	Program Information	28
Note 15	Fees and Charges	29

### **1 BASIS OF PREPARATION**

The annual budget is a forward looking document and has been prepared in accordance with the Local Government Act 1995 and accompanying regulations.

### Local Government Act 1995 requirements

Section 6.4(2) of the Local Government Act 1995 read with the Local Government (Financial Management) Regulations 1996 prescribe that the annual budget be prepared in accordance with the Local Government Act 1995 and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this annual budget have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the annual budget has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

## The local government reporting entity

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this annual budget.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 12 to the annual budget.

### 2023/24 actual balances

Balances shown in this budget as 2023/24 Actual are estimates as forecast at the time of preparation of the annual budget and are subject to final adjustments.

### **Budget comparative figures**

Unless otherwise stated, the budget comparative figures shown in the budget relate to the original budget estimate for the relevant item of disclosure.

### Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

### Rounding off figures

All figures shown in this statement are rounded to the nearest dollar.

### **Statement of Cashflows**

Investing and financing transactions that do not require the use of cash or cash equivalents shall be excluded from a statement of cash flows. Such transactions shall be disclosed elsewhere in the financial statements in a way that provides all the relevant information about these investing and financing activities.

## Initial application of accounting standards

During the budget year, the below revised Australian Accounting Standards and Interpretations are expected to be compiled, become mandatory and be applicable to its operations.

- AASB 2020-1 Amendments to Australian Accounting Standards
- Classification of Liabilities as Current or Non-current
- · AASB 2022-5 Amendments to Australian Accounting Standards
- Lease Liability in a Sale and Leaseback
- · AASB 2022-6 Amendments to Australian Accounting Standards
- Non-current Liabilities with Covenants
- AASB 2023-1 Amendments to Australian Accounting Standards
- Supplier Finance Arrangements
- · AASB 2023-3 Amendments to Australian Accounting Standards
- Disclosure of Non-current Liabilities with Covenants: Tier 2

It is not expected these standards will have an impact on the annual budget.

- · AASB 2022-10 Amendments to Australian Accounting Standards
- Fair Value Measurement of Non-Financial Assets of Not-for-Profit Public Sector Entities, became mandatory during the budget year. Amendments to AASB 13 Fair Value Measurement impacts the future determination of fair value when revaluing assets using the cost approach. Timing of future revaluations is defined by regulation 17A of Local Government (Financial Management) Regulations 1996. Impacts of this pronouncement are yet to be quantified and are dependent on the timing of future revaluations of asset classes. No material impact is expected in relation to the 2024-25 statutory budget.

New accounting standards for application in future years The following new accounting standards will have application to local government in future years:

- AASB 2014-10 Amendments to Australian Accounting Standards
- Sale or Contribution of Assets between an Investor and its Associate or Joint Venture
- AASB 2021-7c Amendments to Australian Accounting Standards
- Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections [deferred AASB 10 and AASB 128 amendments in AASB 2014-10 apply]
- AASB 2022-9 Amendments to Australian Accounting Standards
- Insurance Contracts in the Public Sector
- AASB 2023-5 Amendments to Australian Accounting Standards
- Lack of Exchangeability

It is not expected these standards will have an impact on the annual budget.

Judgements, estimates and assumptions

The preparation of the annual budget in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- · estimation of fair values of land and buildings and investment property
- · impairment of financial assets
- estimation uncertainties and judgements made in relation to lease accounting
- · estimated useful life of assets
- · estimation of provisions
- estimation of fair value of leases

### 2. RATES AND SERVICE CHARGES

Total ex-gratia rates	J		0	683,195	76,410	0	0	76,410	73,121	73,120
				-	6,093,825	4,500	1,500	6,099,825	5,792,362	5,790,238
Total rates				-	6,093,825	4,500	1,500	6,099,825	5,792,362	5,790,238

The Shire did not raise specified area rates for the year ended 30th June 2025.

All rateable properties within the district used predominately for non-rural purposes are rated according to their Gross Rental Valuation (GRV), all other properties are rated according to their Unimproved Valuation (UV).

The general rates detailed for the 2024/25 financial year have been determined by Council on the basis of raising the revenue required to meet the estimated deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than general rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of local government services/facilities.

# 2. RATES AND SERVICE CHARGES (CONTINUED)

# (b) Interest Charges and Instalments - Rates and Service Charges

The following instalment options are available to ratepayers for the payment of rates and service charges.

# **Option 1 (Full Payment)**

Full amount of rates and charges including arrears, to be paid on or before 9 September 2024 or 35 days after the date of issue appearing on the rate notice, whichever is the later.

# **Option 2 (Four Instalments)**

First instalment to be made on or before 9 September 2024 or 35 days after the date of issue appearing on the rate notice, whichever is the later including all arrears and a quarter of the current rates and service charges;

Second instalment to be made on or before 11 November 2024 or 2 months after the first instalment, whichever is the later; Third instalment to be made on or before 13 January 2025 or 2 months after the second instalment, whichever is the later; and Fourth instalment to be made on or before 17 March 2025 or 2 months after the third instalment, whichever is the later.

Unpaid rates and service charge interest earned	28,000	28,392	27,000
	54,000	56,155	51,500

# (c) Objectives and Reasons for Differential Rating

To provide equity in the rating of properties across the Shire the following rate categories have been determined for the implementation of differential rating.

# 2. RATES AND SERVICE CHARGES (CONTINUED) Differential general rate

Description	Characteristics	Objects	Reasons
GRV Residential	Properties within the townsite boundaries which have a zoning of residential or rural residential, as per the Town Planning Scheme No 6.	This rate is to contribute to service desired by the community and is considered to be the base rate above which all other GRV rated properties are assessed.	The reason for this rate is to reflect the provision of 'residential' services, including significant recreational, cultural and medical facilities or services, primarily utilised by ratepayers and occupiers of residences within the Shire of Ravensthorpe. The objective of the proposed rate in the dollar for this category is to be the base rate by which all other GRV rated properties are assessed.
GRV Commercial	Properties zoned tourism or mixed use with predominately a commercial or tourism land use. This also includes the predominant land use of short stay tourism accommodation within	The objective is to raise additional revenue to contribute towards higher costs associated with commercial activity	The objective is to recognise the costs of servicing commercial activity including car parking, landscaping and other amenities. In addition, costs associated with tourism initiatives, economic development and regulatory compliance benefit this category.
GRV Industrial	Properties zoned light and general industry with predominately an industrial use.	The objective is to raise additional revenue to contribute towards higher costs associated with industrial activity	The objective of the proposed rate in the dollar is to recognise the costs of servicing industrial activity including car parking, landscaping and other amenities. Costs for environmental and regulatory compliances are higher for this category and is reflected in the rate in the dollar.
GRV Transient and Short Stay Accommodation	Properties predominately used for the purpose of Transient Workforce or Short Stay Accommodation.	The objective is to raise additional revenue to contribute towards higher costs associated with servicing this accommodation base.	The objective of the proposed rate in the dollar is to recognise the costs of servicing this accommodation base including airport infrastructure, sanitation infrastructure and service demands on recreational facilities, events, gymnasiums and swimming pools, together with a higher road use concentration within the Shire.
UV Rural	This rating category consists of properties that are predominately rural use.	This rate is to contribute to service desired by the community. This is considered to be the base rate above which all other UV rated properties are assessed.	The reason for this rate is to reflect the provision of rural services mainly involving fire services and high cost transportation infrastructure. The objective of the proposed rate in the dollar for this category is to be the base rate by which all other UV rated properties are assessed.
UV Mining	Properties with a land use associated with mining, exploration or prospecting purposes.	The objective is to raise additional revenue to contribute towards higher costs associated with mining activity	The objective of the proposed rate in the dollar is to recognise the ongoing costs involved in maintaining the Shire's substantial road network that services this land use. Large scale equipment and constant heavy haulage operations of Mining uses result in the Shire's road network requiring increased ongoing maintenance to service these users at a far greater scale than other rural uses.

#### 3. NET CURRENT ASSETS

#### (f) MATERIAL ACCOUNTING POLICIES

### **CURRENT AND NON-CURRENT CLASSIFICATION**

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

### TRADE AND OTHER PAYABLES

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

### PREPAID RATES

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises revenue for the prepaid rates that have not been refunded.

### INVENTORIES

#### General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

### Superannuation

The Shire contributes to a number of superannuation funds on behalf of employees. All funds to which the Shire contributes are defined contribution plans.

### LAND HELD FOR RESALE

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for resale is classified as current except where it is held as non-current based on the Shire's intentions to release for sale.

### **GOODS AND SERVICES TAX (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

### **CONTRACT LIABILITIES**

Contract liabilities represent the Shire's obligation to transfer goods or services to a customer for which the Shire has received consideration from the customer.

Contract liabilities represent obligations which are not yet satisfied. Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

### TRADE AND OTHER RECEIVABLES

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for grants, contributions, reimbursements, and goods sold and services performed in the ordinary course of business.

Trade and other receivables are recognised initially at the amount of consideration that is unconditional, unless they contain significant financing components, when they are recognised at fair value.

Trade receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

The Shire applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

#### **PROVISIONS**

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

### EMPLOYEE BENEFITS

# Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the determination of the net current asset position.

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the determination of the net current asset position.

## Other long-term employee benefits

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

# 4. RECONCILIATION OF CASH

For the purposes of the Statement of Cash Flows, cash includes cash and cash equivalents, net of outstanding bank overdrafts. Estimated cash at the end of the reporting period is as follows:

	Note	2024/25 Budget	2023/24 Actual	2023/24 Budget
		\$	\$	\$
Cash at bank and on hand		1,383,019	5,740,204	3,425,296

Capital grants, subsidies and contributions		(2,030,074)	(2,671,087)	(5,312,244)
Net cash from operating activities		(1,176,944)	5,515,513	1,116,455

# **MATERIAL ACCOUNTING POLICES**

# **CASH AND CASH EQUIVALENTS**

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown as short term borrowings in current liabilities in Note 3 - Net Current Assets.

# FINANCIAL ASSETS AT AMORTISED COST

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

### 5. PROPERTY, PLANT AND EQUIPMENT

The following assets are budgeted to be acquired and/or disposed of during the year.

2024/25 Budget

		Disposals -	Disposals -				Disposals -	Disposals -			Disposals -	Disposals -

### **MATERIAL ACCOUNTING POLICIES**

### RECOGNITION OF ASSETS

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

## GAINS AND LOSSES ON DISPOSAL

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in profit or loss in the period which they arise.

2023/24

### **MATERIAL ACCOUNTING POLICIES**

### **DEPRECIATION**

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Major depreciation periods used for each class of depreciable asset are:

Buildings - non-specialised 15 to 56 years Buildings - specialised 15 to 56 years Furniture and equipment 4 to 10 years Plant and equipment 5 to 15 years Gravel roads formation not depreciated pavement 50 years Sewerage piping 100 years Water supply piping and drainage system 75 years Infrastructure - Pathways 20 years 75 to 100 years Infrastructure - Drainage Infrastructure - Parks and Reserves 20 to 50 years 20 to 50 years Infrastructure - Other Infrastructure - Airports 20 to 50 years Right of use assets - plant and equipmen Lease remainder Regional Landfill Rehabilitation 30 years

# **AMORTISATION**

2024/25

The depreciable amount of all intangible assets with a finite useful life, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held for use.

The assets residual value of intangible assets is considered to be zero and useful live and amortisation method are reviewed at the end of each financial year.

Amortisation is included within Depreciation on non-current assets in the Statement of Comprehensive Income.

### 7. BORROWINGS

### (a) Borrowing repayments

Movement in borrowings and interest between the beginning and the end of the current financial year.

# **MATERIAL ACCOUNTING POLICIES**

### **BORROWING COSTS**

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

#### MATERIAL ACCOUNTING POLICIES

#### LEASES

At the inception of a contract, the Shire assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the commencement date, a right-of-use asset is recognised at cost and a lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

### LEASE LIABILITIES

The present value of future lease payments not paid at the reporting date discounted using the incremental borrowing rate where the implicit interest rate in the lease is not readily determined.

### 9. RESERVE ACCOUNTS

### 12. JOINT ARRANGEMENTS

### (a) Joint arrangement - Ravensthorpe Region Landfill

The Shire of Ravensthorpe together with the Shire of Jerramungup, have entered into a joint operation with regard to a regional waste management facility located on Reserve 7380, Moir Road Ravensthorpe.

The agreement between both Shires govern the operation of the waste facility, covering operating and capital costs, responsibilities of the two Shires, setting of fees and charges, record keeping etc. The Shire of Ravensthorpe is responsible for the day to day management of the facility. Key operating decisions in relations to the operating cost and future capital cost of the facility are to be agreed by both Shires.

The regional waste facility commenced its operation in February 2018. Building of the facility was fully funded and is recognised in the financials of the Shire of Ravensthorpe as outlined below:

The apportionment of annual facility operating costs between the Shires of Raventhorpe and Jerramungup is determined by the percentage of total waste tonnage (measured in cubic metres) delivered to the Facility by each Shire in the preceding financial year.

The Shire of Ravensthorpe's share of annual operating cost is determined by its percentage of total waste tonnage (measured in cubic metres) delivered to the facility by both parties in the proceeding year. This is estimated to be 74.9% for Ravesthorpe and 25.1% for Jerramungup.

### **MATERIAL ACCOUNTING POLICIES**

### **INTERESTS IN JOINT ARRANGEMENTS**

Joint arrangements represent the contractual sharing of control between parties in a business venture where unanimous decisions about relevant activities are required.

Separate joint venture entities providing joint venturers with an interest to net assets are classified as a joint venture and accounted for using the equity method.

Joint venture operations represent arrangements whereby joint operators maintain direct interests in each asset and exposure to each liability of the arrangement. The Shire of Ravensthorpe's interests in the assets liabilities revenue and expenses of joint operations are included in the respective line items of the financial statements.

### **INTERESTS IN JOINT ARRANGEMENTS (Continued)**

Joint operations represent arrangements whereby joint operators maintain direct interests in each asset and exposure to each liability of the arrangement. The Shire's interests in the assets, liabilities, revenue and expenses of joint operations are included in the respective line items of the financial statements.

### 13. REVENUE AND EXPENDITURE

### (a) Revenue and Expenditure Classification

### **REVENUES**

### **RATES**

All rates levied under the *Local Government Act 1995*. Includes general, differential, specific area rates, minimum payment, interim rates, back rates, ex-gratia rates, less discounts offered.

Exclude administration fees, interest on instalments, interest on arrears, service charges and sewerage rates.

# **GRANTS, SUBSIDIES AND CONTRIBUTIONS**

All amounts received as grants, subsidies and contributions that are not capital grants.

### CAPITAL GRANTS, SUBSIDIES AND CONTRIBUTIONS

Amounts received specifically for the acquisition, construction of new or the upgrading of non-current assets paid to a local government, irrespective of whether these amounts are received as capital grants, subsidies, contributions or donations.

# **REVENUE FROM CONTRACTS WITH CUSTOMERS**

Revenue from contracts with customers is recognised when the local government satisfies its performance obligations under the contract.

## **FEES AND CHARGES**

Revenues (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees. Local governments may wish to disclose more detail such as rubbish collection fees, rental of property, fines and penalties, other fees and charges.

## **SERVICE CHARGES**

Service charges imposed under *Division 6 of Part 6 of the Local* Government Act 1995. Regulation 54 of the Local Government (*Financial Management*) Regulations 1996 identifies the charges which can be raised. These are television and radio broadcasting, underground electricity and neighbourhood surveillance services and water. Exclude rubbish removal charges which should not be classified as a service charge. Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

# INTEREST REVENUE

Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

### OTHER REVENUE / INCOME

Other revenue, which cannot be classified under the above headings, includes dividends, discounts, rebates etc.

# PROFIT ON ASSET DISPOSAL

Gain on the disposal of assets including gains on the disposal of long-term investments.

### **EXPENSES**

### **EMPLOYEE COSTS**

All costs associated with the employment of person such as salaries, wages, allowances, benefits such as vehicle and housing, superannuation, employment expenses, removal expenses, relocation expenses, worker's compensation insurance, training costs, conferences, safety expenses, medical examinations, fringe benefit tax, etc.

Note AASB 119 Employee Benefits provides a definition of employee benefits which should be considered.

### MATERIALS AND CONTRACTS

All expenditures on materials, supplies and contracts not classified under other headings. These include supply of goods and materials, legal expenses, consultancy, maintenance agreements, communication expenses (such as telephone and internet charges), advertising expenses, membership, periodicals, publications, hire expenses, rental, leases, postage and freight etc.

Local governments may wish to disclose more detail such as contract services, consultancy, information technology and rental or lease expenditures.

## **UTILITIES (GAS, ELECTRICITY, WATER)**

Expenditures made to the respective agencies for the provision of power, gas or water.

Exclude expenditures incurred for the reinstatement of roadwork on behalf of these agencies.

# **INSURANCE**

All insurance other than worker's compensation and health benefit insurance included as a cost of employment.

### LOSS ON ASSET DISPOSAL

Loss on the disposal of fixed assets.

# **DEPRECIATION ON NON-CURRENT ASSETS**

Depreciation and amortisation expenses raised on all classes of assets.

### **FINANCE COSTS**

Interest and other costs of finance paid, including costs of finance for loan debentures, overdraft accommodation and refinancing expenses.

# OTHER EXPENDITURE

Statutory fees, taxes, provision for bad debts, member's fees or levies including DFES levy and State taxes. Donations and subsidies made to community groups.

# 13. REVENUE AND EXPENDITURE

# (b) Revenue Recognition

Recognition of revenue from contracts with customers is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

Revenue Category	Nature of goods and services	When obligations typically satisfied	Payment terms	Returns/Refunds/ Warranties	Determination of transaction price	Allocating transaction price	Measuring obligations for returns	Timing of Revenue recognition
Grant contract with customer		Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Set by mutual agreement with the customer	Based on the progress of works to match performance obligations	Returns limited to repayment of transaction price of terms breached	Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared
Grants, subsic or contribution for the construction o non-financial assets	financial assets to be	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Set by mutual agreement with the customer	Based on the progress of works to match performance obligations	Returns limited to repayment of transaction price of terms breached	Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared
Licences/ Registrations/ Approvals	Building, planning, development and animal management, having the same nature as a licence regardless of naming.	Single point in time	Full payment prior to issue	None	Set by State legislation or limited by legislation to the cost of provision		No refunds	On payment and issue of the licence, registration or approval
Waste management entry fees	Waste treatment, recycling and disposal service at disposal sites	Single point in time	Payment in advance at gate or on normal trading terms if credit provided	None	Adopted by council annually	Based on timing of entry to facility	Not applicable	On entry to facility
Airport landing charges	Permission to use facilities and runway	Single point in time	Monthly in arrears	None	Adopted by council annually	Applied fully on timing of landing/take-off	Not applicable	On landing/departure event
Fees and charges for ot goods and services	Cemetery services, library ner fees, reinstatements and private works	Single point in time	Payment in full in advance	None	Adopted by council annually	Applied fully based on timing of provision	Not applicable	Output method based on provision of service or completion of works

### 14. PROGRAM INFORMATION

# **Key Terms and Definitions - Reporting Programs**

In order to discharge its responsibilities to the community, Council has developed a set of operational and financial objectives. These objectives have been established both on an overall basis, reflected by the Shire's Community Vision, and for each of its broad activities/programs.

# OBJECTIVE ACTIVITIES

### Governance

To provide a decision making process for the efficient allocation of scarce resources.

Administration and operation of facilities and services to members of Council. Other costs that relate to the tasks of assisting elected members and ratepayers on matters which do not concern specific Council services.

### General purpose funding

To collect revenue to allow for the provision of services.

Rates, general purpose government grants and interest revenue.

## Law, order, public safety

To provide services to help ensure a safer community.

Supervision of various local laws relating to fire prevention, emergency services and animal control.

### Health

To provide an operational framework for environmental and community health.

Food quality and pest control, maintenance and contributions to health services and facilities.

### **Education and welfare**

To meet the needs of the community in these areas.

Operation and provision of retirement units and Aged Care services. Operation of the Cub House Long Day Care facility in Ravensthorpe.

# Housing

Help ensure adequate housing for Council staff.

Maintenance of staff and rental housing.

# **Community amenities**

Provide services required by the community.

Rubbish collection services, operation of tips, noise control, admistration of the town planning scheme, maintenance of cemeteries, control and maintenance of coastal reserves and other community / environmental services.

# Recreation and culture

To establish and effectively manage infrastructure and resources which will help the social and well being of the community.

Maintenance of halls, sporting complexes, resource centres, parks and gardens and TV / Radio rebroadcast.

# **Transport**

To provide effective and efficient transport services to the community.

Construction and maintenance of streets, roads, bridges, cleaning and lighting of streets, parking facilities, traffic signs, depot maintenance and airstrip maintenance.

## **Economic services**

To help promote the Shire and its economic wellbeing.

The regulation and provision of tourism, area promotion, building control, noxious weeds, vermin control and water supply including stand pipes.

# Other property and services

To monitor and control Shire's overhead operating accounts.

Private works operations, plant repairs and operations costs. Also provide for Department of Transport licensing and services to the Future Fund. Costs associated with operation of the Bankwest ATM.

# 15. FEES AND CHARGES
